HECAT® Produces Essential Tool for Navistar

Another OE approval for HECAT...

HECAT, Inc. has completed and delivered 710 custom versions of its Pulsator® Air Conditioning Flusher process, as an essential tool for the Navistar Truck and Bus Dealer Network.

HECAT, Inc. is honored to have its patented "Pulse" technology recognized (yet again) and to be tested and validated as the process of choice by OE Service Engineering.

The Pulsator® Air Conditioning Flusher (Navistar #19-352-01) is a larger custom version of the popular Pulsator® Flush Gun model. This tool is a sub component of a complete Flush-Recover-Solvent-Process package, being put together by the Navistar Service Engineering Team.

HECAT, Inc. is a manufacturer of specialty internal heat exchanger flushing and cleaning equipment, tools, adapters, chemicals, and procedures for automotive, aviation, fleet, and industrial services. HECAT® products are designed to be an integral part of any proper air conditioning, automatic transmission, engine cooling, and system decontamination, reconditioning, and repair process. For a clearer insight into the company's products, processes, patents, technology, and applications; visit the website at www.hecatinc.com, e-mail tech-info@hecatinc.com, or call 800-380-9501.
